To obtain a challenging role as a Web Developer in a dynamic organization that values innovation and encourages professional growth. As a recent Computer Science graduate with experience in the IT industry, I am eager to apply my skills in programming, software design and problem-solving to contribute to the development of softwares.

WORK EXPERIENCE

Web Developer

Information Society Service – Tokyo, Japan

July 2021 – October 2021 (Left due to relocation to the United States)

- Produce fully functional programs, writing clean, testable code
- Design user interfaces and web layout using HTML, CSS, SSRI widgets and JavaScript
- Develop Medical surveys and tests
- Collaborate with internal teams to identify system requirements

Map Alignment Specialist | Transit Team

Cognizant (Google) – Tokyo, Japan

April 2019 – July 2020

- Define map location accurately
- Provide data and information for user needs
- Provide handicapped accessibility priority routes
- Fieldwork to confirm the accuracy of transit routes and times

Software Tester | Navigation Team

Good Works – Tokyo, Japan

October 2018 – March 2019

- Trained for 1 month in Java
- Execute all levels of testing
- Provide documentation for changes
- Collaborate closely with other team members and departments
